PARTY OF THE SECOND PART

have, on this day, freely and joyfully agreed to enter into a union of love, laughter, and unwavering companionship — to choose each other, in every ordinary and extraordinary moment, for all the days that follow this one.

✦ THEVOWS ✦

I promise to be someonewho makesthings feel lighter.
To show up, to stay, to keep choosing you.
To laugh with you at things no one else would understand,
and to be there even when words aren't enough.
I vow to love every phase of you — even the ones
you're not sure are worth loving yet.
